1. Your year at a glance

Wealth & Money in your chart: Good (compared with typical charts)

Best months Apr 2027, May 2027, Jun 2027

Running period Mercury – Jupiter, until Oct 2026

Saturn none

One thing to do Respect teachers and elders; give to education or food charities on Thursdays.

The coming year looks generally positive for your finances, with good potential for income, savings, and gains. This is supported by several strong placements in your birth chart. Your wealth house is well-supported by the planets within it, and the lord of your wealth house, the Sun, is strong and well-placed. Furthermore, auspicious combinations like Dhana Yoga and Bheri Yoga indicate wealth coming to you through various channels. The current planetary period of Mercury–Jupiter, lasting until Oct 2026, is also very supportive for financial matters.

While overall wealth prospects are good, there are a few conditions that suggest you might need to put in a bit more effort in certain areas. Your house of wealth has a slightly below-average number of points, meaning finances may require more conscious management. Also, Mars in your wealth house can sometimes make speech sharp or lead to family discussions around resources, so mindful communication is helpful. The months of April, May, and June 2027 are highlighted as particularly auspicious for financial growth and opportunities.

2. What your chart shows for wealth & money

Working for you

- The lords of houses 2 and 9 are conjunct (Sun and Jupiter together in the Lagna) (Dhana Yoga): wealth through the matters of both houses.
- A strong 9th lord with the 1st, 2nd, 7th and 12th occupied, or with Jupiter, Venus and the Lagna lord in mutual quadrants (Bheri), gives wealth, family and fame.
- The 11th lord in the 2nd with the 2nd lord in a kendra alongside Jupiter brings great gains.

Needs care

- The house of wealth, family and speech holds fewer than 25 sarvashtakavarga points, so its matters may need more effort.
- Mars occupies the 2nd: speech can be harsh and money hard to hold, with friction in the family over resources; patience with words helps.

The key conditions

- Your 2nd house is Leo; its lord Sun sits in your 1st house, in a friendly sign.
- Sun has 10.44 rupas of Shadbala, 161% of what it needs: strong enough to deliver.
- Mars, Mercury, Venus sit in your 2nd house.
- Rahu aspects your 2nd house.
